

HINGES

Weld-On Hinges are well suited for flush construction.

Weld-On Hinges work well in overlapping construction and can be welded directly to edge of material.

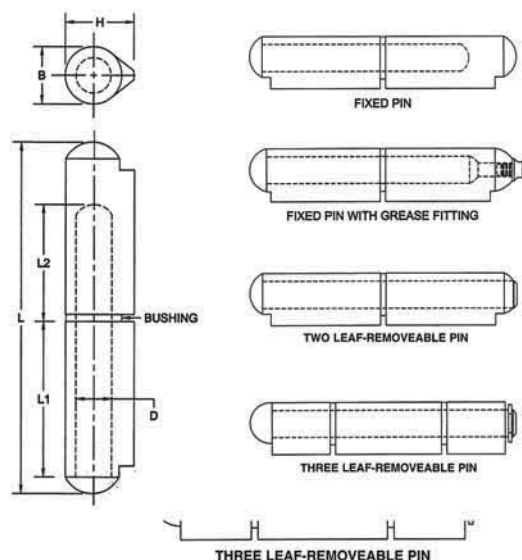

Weld-On Hinges can be used with weather stripping.

Weld-On Hinges are well suited in gate construction.

Please don't hesitate to ask for any custom designed parts

Just a few of the many industry applications:

Bodies

- Aluminum grain • Armored Truck
- Beverage • Bulk feed • Chipper • Crane
- Custom • Drop-side • Dump • Feed
- Forestry • Grain • Refrigerated Truck
- Refuse collection • Service • Wrecker

Enclosures/Containers

- Cab enclosures • Dynamite boxes
- Electronic cabinets (hydro & computer)
- Fireplace inserts (wood & gas)
- Machinery doors • Recycling container
- Refuse containers • Safes • Toolboxes
- Roof top air conditioning units
- Wood stoves • Ocean containers
- Box and truck covers • Safety packages
- Security gates - window and door type

Equipment

- Agricultural • Farm • Food processing
- Forestry • Military • Marine • Mining
- Material handling • Fish Farm • Refineries
- Chemical plant • Pulp and paper
- Saw mill • Road building equipment

Vehicular

- Bulkhead trailers • Commercial buses
- Dump trailers • Emergency/Rescue
- Fire Trucks • Forklift Trucks
- Horse trailer • Livestock trailers
- Locomotive engines
